Products & Industry

All food processing waste - animal, mineral and vegetable

Visit our website: www.sidneymanufacturing.com for additional products at the link: "Products We Move with SWR Drags".

The Sidewall Return™ Surpasses All Other Drags.

Your product is moved gently, completely and cleanly!

- Bypass inlet allows product to bypass the return chain for entry into conveyor
- Totally enclosed
- Continuous product flow from horizontal to incline, and from left to right
- Full product discharge
- Economical for contained waste management

Covered under one or more of the following patents U.S. and Canadian:
RE 37,472E 407,174 6,142,291 2,281,988 Other patents pending
